Dear Friends,

The next Sisterhood meeting and the Co-ed meetings are very important. The members of the Temple of Sakkara and the Sisterhood who wish to create satellite churches all over the United States should plan to attend these meetings.

The Temple of Sakkara and the Sisterhood of the Emerald Fire are the guardians of an antenna system that will bring peace to the Earth. The Temple, as well as the Sisterhood, is in charge of teaching people how to use this antenna system to bring peace to the world. One of the purposes is to set up satellite centers to promote the wisdom of the use of the Holy Grail Vortex to generate peace on the planet.

The antenna system that we have created can stop or change the mind control that is being generated by the corporate world that wishes to create war to control people. It is very important that we generate the Holy Grail Vortex from many areas, instead of just from Allegan. The reason for this is that the government has equipment that can block a transmission from one area. However, if we create a chord that is at least 3 major areas, to generate the vortex from, the frequency of the chord will block their blocking system. This is why the Tibetan bowls are made so that they play 3 notes at a time. The work that we have to do is so sensitive that we need to expand our system.

In October of 2008, a group of us went to Montauk, NY. This is a major mind control center which contains many particle generators. There we created a little group of people that have worked together to explain the proper use of the Holy Grail vortex. They are Peter and Susan, Shelly, Daniel, Peter Moon and myself. To do the work, each one of these areas needs to be made into a church so that we can form a chord of vortexes that will help to change the frequency so the mind control can be stopped. Of course, Peter has the expertise to map this out and to understand the proper ley lines that need to be used to generate this wisdom. That is why at the seminar of 2008 we came up with the pamphlet of "Vortexes R Us" and recorded all of the material that was presented in explaining the proper procedure in how to use these vortexes. Now it is time that we set up satellite churches and coordinated their function through the wisdom that was given to the Temple of Sakkara.

The pyramid is a tune tank antenna. It pulses at the frequency of the heart chakra. In 1968, the Hardy family was told to build a pyramid for John Hardy so that we could stop the ELF (Extremely Low Frequency) transmissions that were generated through Sawyer Air Force Base in the Michigan's Upper Peninsula. Sawyer Air Force Base is connected to the grid in such a way that it can pulse different ELF chords. It was originally designed to communicate with the Polaris submarines during the Cold War by pulsing the whole Earth grid. However, experiments were done in Seattle Washington to see how ELF frequency affected the minds of humanity. The antenna systems for the ELF devices are the Space Needles in Seattle, and other towers, like the CNN tower in Canada. These towers are located all over the Earth. Researchers like Bob Beck and Paravich reported that they would send a team of medical doctors into an area like Seattle, beam certain frequencies through the Space Needle and see how many more people would commit suicide or other heinous activities by pulsing ELF to the area. This is their method of mind control. Using this method, they can train people to be suicide bombers, because they can enter their dream time and control their minds. The reason the Hardy pyramid was created is to protect the heart chakra of humanity so that those who wish to advance to a higher plane will not be controlled by the ELF emissions from these Space Needles. This is why I say that if the pyramid, the tune-tank antenna system, is properly used, we can control the mind control devices that are being generated on the planet. This is why we need to set up satellite churches so when we are doing important work, we can broadcast from many areas, instead of just one. What is important here is that this system be completely understood and respected by the people that

are using this system. It is a very delicate system and it totally uses the transfer of energy from the cup to the sword, or vice versa. If you look at the cup as the pyramid and the sword as an obelisk, this energy can be transferred back and forth without any problems. The clue here is that we use love to tune the frequencies. For those that have worked with this system, you know that we use the Cathar's Creed to activate the Church of Love on the planet. The Cathars were a group of people that were sacrificed in 1244 by the Catholic church to cover up the mind control of entrapping people on the planet. It is through the dimensionals, like the Cathars, the Templars, the Shamans, the Saskatch, the ETs, fairies and devas, etc., that this system is generated and a group of people are given permission to use it. However, it must be used correctly. The teacher behind this is John the Beloved, who was also the founder of the Knights Templar.

If we create these satellites, we need to have material to teach people. I am including the Holy Grail Vortex and the questions and answers that our little group of Montauk visitors created, and I am going to list the material that was presented at our seminar in Allegan, MI, that is now available for purchase. Paxahau has been coming for years and recording the speakers. This year the speakers were chosen to promote the idea of setting up information so that the Holy Grail Vortex could be better understood. Paxahau has recorded the following list of lectures. They are available as CDs for \$10 each or DVDs for \$15 each. Shipping is \$5 per order, regardless of how many you order. You can email your orders to Paxahau at: jaos@paxahau.com, or call the Paxahau office at 248-584-1646.

1. *What is the Holy Grail Vortex (HGV)?*  
It is a completely balanced and tuned energy system that will, in turn, balance and re-tune personal, local, regional, or world-wide imbalances, always in tune with the well-being of Mother Earth.
2. *Who can use the Holy Grail Vortex?*  
Anyone who has received training and feels concern and/or empathy for a personal problem within, or in someone else, or finds a problem that puts other people at risk or in danger locally or regionally, and/or has a deep love for the well-being of Mother Earth
3. *What is the first step to using the Holy Grail Vortex?*  
The first step is always to ask permission before using the Holy Grail Vortex! When you are ill, ask your body, mind, soul, or your divine self if you can bring yourself back into balance; if you wish to help someone else with their problem, either ask their permission directly, or ask their higher self and honor their answer. With local, regional and world-wide problems and energetic imbalances, ask your own higher self and also ask Gaia (Mother Earth) herself.
4. *What is the second step to using the Holy Grail Vortex?*  
The second step is to form a clear and strong intent within yourself. Whether you have a feeling about what is needed, you have experienced the problem, or have a clear idea, visualize what it is you intend for the Holy Grail Vortex to do! Whether it is to stop your cold, to heal someone with cancer, to divert a tornado, to disarm a nuclear device, to bring Goodwill back into human consciousness, or to heal Mother Earth, make your intent simple and clear. If your intent is not clear and your vision is confused, the HGV will be ineffective! Work locally, wherever you live, where you know the local problems, so your intent can be clear and strong!
5. *How do you form a Holy Grail Vortex?*  
There are four vortexes starting with the smallest in the center and going out, each vortex larger than the one before it:
  - A. Innermost vortex (Counter clock wise - CCW): establishes a standing columnar wave (scalar) and is tuned to your intent.
  - B. Second inner vortex (also CCW): allows the elementals/higher beings to attune the frequency of the sword (as in "the cup and the sword") vortex between our stated intent and the desired results.
  - C. Third outer vortex (Clockwise -CW): creates the 'cup' in order to balance and 'house' the inner vortexes.
  - D. Fourth outermost vortex (also CW): allows the elementals/higher beings to attune the frequency of the cup to our stated intent and the desired effect.
6. *How do you determine the size of each vortex?*  
Each problem has a different solution, therefore each vortex will be a different size from all the others. You must use and trust your own intuition when you create the Holy Grail Vortex even if you end up inside the very center vortex!
7. *What Invocation do you use when creating a Holy Grail Vortex?*  
Mary has established *The Great Invocation* for the creation of the Holy Grail Vortex (see reverse side) because it is a non-sectarian and meaningful invocation. However, this being a world of free will, individuals are free to change the wording of *The Great Invocation* to suit their own world-view, or create their own invocation that is meaningful to them.
8. *What do you do when the Holy Grail Vortex you created has been established?*  
Give thanks! Move on.
9. *Are we able to direct the Holy Grail Vortex ourselves to any particular focal point?*  
Yes! If you are deeply concerned as to what is happening in Washington, D.C, or in Darfur, you can direct the HGV to these locations. However, if your neighbor annoys you and you direct the HGV to his/her house to change him/her, don't be surprised if the HGV comes right back upon yourself to balance your own discontent! The energy of the HGV is always tuned to the ultimate well-being of Mother Earth, not our own comfort level! Our intent can be a powerful starter motor for the HGV, but the engine that drives the HGV is not within our control!
10. *Do we take down the Holy Grail Vortex after it has accomplished its purpose?*  
Yes, although, because the Holy Grail Vortex is energy-driven, when it is no longer needed the supporting energies wane and the HGV collapses on its own.  
*Please direct any other questions to Mary or any one of the Sisters of the Emerald Fire.*

## **The Great Invocation**

**From the point of Light within the Mind of God  
Let light stream forth into the minds of men  
Let Light descend on Earth.**

**From the point of Love within the Heart of God  
Let love stream forth into the hearts of men.  
May Christ return to Earth.**

**From the centre where the Will of God is known  
Let purpose guide the little wills of men-  
The purpose which the Masters know and serve.**

**From the centre which we call the race of men  
Let the Plan of Love and Light work out  
And may it seal the door where evil dwells.**

**Let Light and Love and Power restore the Plan on Earth.**
