Divine Design - Blessings of Change

The New Sakkara Conference Comes into Focus

July 24-25-26, and 27, 2009

New Sakkara is a healing temple, as was its predecessor, Sakkara, in Egypt, five thousand years ago. New Sakkara teaches the wisdom of divine change through Alchemy. We work with the devas and the fairies of earth, air, water, and fire. Alchemy is the divine wisdom of change.

President Obama came into office with a focus on change. Every time we go out of balance we make a correction and return to balance. Our economy is going through a re-balancing, so is the Earth's grid. To keep up with the Divine Design, the Temple of New Sakkara calls on each speaker and participant to remember who you are, find your divinity and accept the changes as blessing.

Mary Hardy has taught the Holy Grail vortex and the alchemy of change for over 30 years.. It is now time that we as a group, learn to use the antenna system of New Sakkara to bring about a positive change in the world.

In the month of May, our news media spread fear throughout the world with their focus on Swine Flu. They tried to generate this fear through the Earth's grid system. With cancer and a variety of other lethal diseases; in a world where HAARP, ELF, CERN, chem-trails, genetically modified food and thousands of other pollutants interfere with every aspect of our lives and every aspect of the integrity of Mother Earth, change and healing are necessary.

In order to bring about the necessary focus, Mary Hardy, the Sisterhood, the Brotherhood, and all fellow spirits working with us, ask all the speakers and healing practitioners to add the healing of the earth energies to your agenda, if it is not already there. This year we plan on having a sacred fire and the fire walk. It is necessary that people honor the sacredness of our land. Our opening and closing ceremonies will be dedicated to spreading the sacred consciousness of the fairies, devas, Templars, Native shamans, and other dimensionals throughout the grid by learning the correct way to bless the land through the Holy Grail vortex and keeping it sacred by the ceremonies of the sacred fire and fire walk and opening and closing programs.

Divine Design - Blessings of Change

THE HEALING OF TIME WILL ALLOW THE EARTH TO PROSPER INTO A HIGHER FREQUENCY

FEE: \$60.00 (\$50 for advanced registration by July 15, 2009)
COUPLES FEE: \$100.00 (\$90.00 for advanced registration by July 15, 2009)
Friday Evening Only fee: \$25. Any other portion is at full conference price.

The purpose of the school of wisdom is to prepare the light bodies so that when the year 2012 occurs, people will be able to expand their consciousness into the new reality that will be created by the expansion of the present universe.

Divine Design is the theme of this year's conference. We all know that Divine change is a blessing. Because of the disruption in the economic system of the planet and its electromagnetic field, it is necessary for each of us to put love into the planet and create Divine change. The planet is being damaged by the mind control games of our government leaders. It is time that we learn how to heal ourselves so that we can heal the grid of Mother Earth.

The importance of this conference is to bring our emotions into a higher consciousness so that we can put love and harmony back into the grid. We will be learning the Holy Grail vortex. By utilizing this vortex, one can control the weather patterns and bring peace to the programming of the media.

There will be a Firewalk this year. Cost is \$29. The closing ceremony will be Sunday at 6:30. The classes offered on Monday will be an extra fee of \$35 to \$50. Speakers must have at least 6 people to hold a class.

The importance of controlling the vortexes through our consciousness is to understand the sword and the cup. The womb is the cup. The sword is the pyramid. *The Divinici Code* has brought to the general public the knowledge of the divine feminine and the power of the cup and sword.

The truth is that we must heal time and free all those captured souls that are wrongly held in captivity. The seminar will activate the Church of Love and reverse the mind control games of the news media. We are the Temple of Sakkara, which brings the power of the Holy Grail vortex into our pyramid antenna system to alter time, space, energy and matter. We must become alchemists to heal the planet.
