Activating the Light Bodies to Balance the Schumann Resonance

**HEALING THRU LOVE WILL ALLOW EARTH TO PROSPER INTO A HIGHER FREQUENCY**

COUPLES FEE: \$100.00 (\$90.00 for advanced registration by July 15, 2016)

The Purpose of the Temple of Sakkara is to teach people how to develop their Light bodies to be gridkeepers and help Mother Earth heal herself through the Holy Grail Vortex.

Activating the Light Bodies to balance the Schumann Resonance is the theme of this year's conference. We all know that changing reality through Love is a blessing. Activating the light bodies is important to change frequency. We must enter the light bodies through the frontal lobes and the heart chakra so that we can change space, time, energy and matter.

The importance of this conference is to bring our emotions into a higher consciousness so that we can put love and harmony back into the grid. We will be learning the Holy Grail Vortex and experiencing the gift of developing our light bodies. By utilizing the Holy Grail Vortex and the glia brain, one can control the weather patterns and bring peace to the planet.

There will be a Firewalk this year. Cost is \$33. The closing ceremony will be Sunday at 6:30 p.m. The classes offered on Monday will be an extra fee of \$35 to \$50. Speakers must have at least 6 people to hold a class.

The importance of controlling the vortexes through our consciousness is to understand the sword and the cup. The pyramid is the cup. The obelisk is the sword. *The Divinici Code* has brought to the general public the knowledge of the divine feminine and the power of the cup and sword. All energy moves through high and low weather patterns. Low pressures move down into a cup and high pressures move up into a sword. Creating a vortex by the utilization of Crop Circles and Medicine Wheels allows us to send energy to heal the planet with the Holy Grail Vortex. Developing our light bodies allows us to send this energy to other accupressure points on the planet. That is why we are developing our light bodies and dancing with the fairies, divas and orbs.

We are the Temple of Sakkara, which brings the power of the Holy Grail Vortex into our pyramid antenna system to alter time, space, energy and matter. We must become Alchemists to heal the planet and understand the glia brain. This year we will be placing emphasis on balancing the Schumann Resonance.

### TEMPLE OF SAKKARA, CONFERENCE 2016 - ACTIVATING THE LIGHT BODIES TO BALANCE THE SCHUMANN RESONANCE

The Hardy's have been holding this conference for over 30 years. The first one was in 1980 after Dean returned from Egypt. In 1981, several of us went to Egypt and were given a mission to save the planet. At that time, we learned that we were grid keepers. The reason we built the pyramid in 1975 was to stop the electrocution of the vegetation on the planet. In 1975 the US government activated SEAFARER in the upper peninsula of Michigan to control submarines in the Pacific and Atlantic oceans. This has created many weather abnormalities and has aided in the death of vegetation on the planet. Last Spring there were many earthquakes and a threat of Yellowstone erupting into a volcano. For the last year the Native American chiefs have come and sat on our land to work on balancing the many earthquakes, mainly Sitting Bull, Techumseh, and Standing Bear. These chiefs recognize the disruption that SEAFARER has caused in the grid. It has created extremely low frequency energy coming out of Sawyer Air force base. Sakkara was created to balance out these energy fields through the Holy Grail Vortex and the ability for humanity to develop their light bodies. Now we must balance the Schumann Resonance.
