The Purpose of the Temple of Sakkara is to teach humanity to heal themselves so they can advance into higher consciousness.

The Sisterhood of the Emerald Fire is a 501c3 church that will ordain Ministers and is dedicated to returning the teachings of the Marys' to the planet. Mary Magdalene is the principal teacher of the Sisterhood. She is of the Twelfth Tribe of Benjamin, which holds the wisdom of the heart. The Marys hold the secret of the Grail, which is the activation of the feminine principle, (Sophia).

We now have a branch of Templars who are guided by the true leader of the Knights Templar, Saint John, In 1996, Saint John came to the Temple of Sakkara to teach the secrets of the Holy Grail Vortex is to keep the Earth in total balance.

ON FRIDAY AT 5:00, Frank will officially gather a group of Templars together so they can form their own group. They will eventually be ordained if they desire. The Templars have always protected the Marys and it is they who built the large cathedrals to create a temple on Earth.

Training the Light Bodies to move energy through the pyramids and cathedral systems is the primary purpose of the Holy Grail Vortex. The Temple of Sakkara has been given an antenna system that can totally heal the planet. We all know that changing reality through Love is a blessing. Activating the light bodies is important to change frequency. We must enter the light bodies through the frontal lobes and the heart chakra so that we can change space, time, energy and matter. Pyramids and cathedrals are really antennas that help humanity achieve this goal.

The importance of this conference is to bring our emotions into a higher consciousness so that we can put love and harmony back into the grid. We will be learning the Holy Grail Vortex and experiencing the gift of developing our light bodies with orgone energy and the tachion fields. By utilizing the Holy Grail Vortex and the glia brain, one can control the weather, reverse radiation damage, and purify water and air. We can reverse ELF and EMF.

There will be a Fire walk (Walking in Balance) this year. Cost is \$45. Closing ceremony will be Sunday at 6:30 p.m. The classes offered on Monday will be an extra fee of \$35 or more. Speakers must have at least 6 people to hold a class.

The importance of controlling the vortexes through our consciousness is to understand the sword and the cup. The pyramid is the cup. The obelisk is the sword. *The Divinci Code* has brought to the general public the knowledge of the divine feminine and the power of the cup and sword. All energy moves through high and low weather patterns. Low pressures move down into a cup and high pressures move up into a sword. Creating a vortex by the utilization of Crop Circles and Medicine Wheels, allows us to send energy to heal the planet with the Holy Grail Vortex. Developing our light bodies allows us to send this energy to other acupuncture points on the planet. That is why we are developing our light bodies and dancing with the fairies, divas and orbs.

We are the Temple of Sakkara, which brings the power of the Holy Grail Vortex into our pyramid antenna system to alter time, space, energy and matter. We must become Alchemists to heal the consciousness of humanity. This year we will be placing emphasis on balancing the orgone fields with tachion energy.

Portions of the Conference will be recorded by Steve Valdek.

The Hardy's have been holding this conference for over 30 years. The first one was in 1980 after Dean returned from Egypt. In 1981, several of us went to Egypt and were given a mission to save the planet. At that time, we learned that we were grid keepers. The reason we built the pyramid in 1975 was to stop the electrocution of the vegetation on the planet. In 1975 the US government activated SEAFARER in the upper peninsula of Michigan to control submarines in the Pacific and Atlantic oceans. This has created many weather abnormalities and has aided in the death of vegetation on the planet. Last Spring there were many earthquakes and a threat of Yellowstone erupting into a volcano. For the last year the Native American chiefs have come and sat on our land to work on balancing the many earthquakes, mainly Sitting Bull, Tecumseh, and Standing Bear. These chiefs recognize the disruption that SEAFARER has caused in the grid. It has created extremely low frequency energy coming out of Sawyer Air force base. Sakkara was created to balance these energy fields through the Holy Grail Vortex and the ability for humanity to develop their light bodies. Now we must balance the tachion fields with orgone energy.
